

NEW PRODUCTS AND IMPROVEMENTS

SMART UNLOCK: THE L100 LOCK

With the L100 lock, forget about keys and codes to memorize. Simply use an NFC transponder or a smartphone to quickly access your workstation and cabinets.

Main features:

- Easy management of locks and access permissions via the mobile app or website
- Detailed access history for administrators
- Unlimited number of NFC transponder users
- Number of smartphone users by subscription type (up to 100)
- Protection against dust and water sprays (IP53 certified)

Whether you want to add new locks to cabinets or you are considering a new installation, this solution will seamlessly integrate into your project. Learn more on [pages 52, 58, 60, 69 and 103](#).

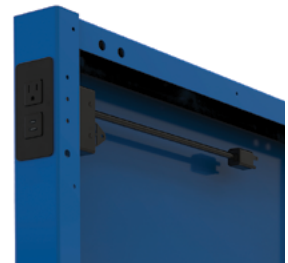

UNRIVALED FINISHES: SUPERIOR AESTHETICS

Rousseau's service department solutions captivate with their exceptional aesthetics and meticulous attention to detail. In our pursuit of perfection, we have refined our welding process for cabinet corners, giving the entire installation a stunning streamlined appearance.

This improvement attests to our unwavering commitment to offer solutions that seamlessly blend aesthetics and durability as well as meet the most demanding industry standards.

ADVANCED CONNECTIVITY: THE NEW USB OUTLET

Explore our enhanced USB outlet integrated into our power modules. It now features both a Type-A and Type-C USB port. Learn more on [pages 11, 14, and 113](#).
